Be part of IPMS NOREASTCON on Long Island! TWO FULL DAYS inside the historic Republic Aviation's "Thunder Factory!"

The Long Island Scale Model Society is proud to announce that we are hosting the IPMS Noreastcon 2010 Model Competition and show on Friday, April 30th and Saturday, May 1st 2010 **and extended for two full days!** Our large one day RepLIcon show has been postponed this year to host this event that has not been brought to Long Island for 26 years. What will make this one different than all others? It will be held at the historic Republic hanger in Farmingdale, NY where final assembly of the P-47 aircraft took place in World War II. It now houses restored WWII flying aircraft operated by the American Airpower Museum where history comes to life. The aircraft will be put on display outside while we utilize the hanger inside for contest and vendors. Visit the Airpower Museum website at www.americanairpowermuseum.com to see what they are all about.

We have the model contest and seminars surrounded in the atmosphere of restored flying World War II aircraft, displays, videos, World War II Veterans who landed on D-Day in France, pilots and bomber personnel who will be there to talk about their experiences and autograph items. Do not miss this IPMS Noreastcon and Air Museum event that will surely draw record breaking Noreastcon attendance of over 700 visitors. **We will be opening on Friday at 10 am for a full two day show!** We have space for 55 eight foot tables available so don't be left out! Reserve yours today!

It's your continued yearly support that makes NOREASTCON a success! It's your sponsorship of trophy packages, raffle donations, and support of children's activities that keeps the hobby thriving and stimulates interest in the hobby. In turn, it comes back to you. **Please consider sponsoring one or more Trophy Packages.** Note that some Special Awards printed on our flyer are exclusively sponsored. If you intend to create and sponsor your own Special Award, just title it, give us any specifics necessary, and it will be posted on our website. We will make an Acrylic Award with your sponsor name on it. We thank you for all your past sponsorship, and hope you can extend some measure of it again.

Even if economics, scheduling, or our remote location prevents you from physically attending, you can still have a presence here and play an important part. Please consider sponsoring Trophy Packages, Special Awards and donating to our raffle. **Here is what your generosity will do for you:**

- Your Logo or Company name posted on our chapter website as a NOREASTCON Sponsor.
- Your Logo or Company name posted on Sponsor Boards throughout the event.
- A placard on the contest table acknowledging your Trophy Package sponsorship for that category.
- All "Best of Class" and "Special Awards" will have your name engraved on the awards and announced at the Banquet Presentation.
- Your business card or tag attached to each Raffle donation you give.
- Your Logo or Company name published inclusion throughout our NOREASTCON venue and handouts.
- Complementary distribution of any promotional material you send us for the event.

Please complete the Vendor & Sponsor Form to sponsor awards, reserve tables, and donations to the raffle. Mail it in with your check to promptly secure your tables and sponsorships for maximum exposure to our visitors. Do not hesitate to contact me with questions and thank you for your support!

Regards,
Robert DeMaio
LISMS President & NOREASTCON Chairman
